

PARENTS Names The Best Toys Of 2021

50 Winners Narrowed from Over 500, Vetted by Experts, Tested by Kids, and Approved by Parents

NEW YORK, Nov. 3, 2021 /PRNewswire/ -- Meredith Corporation's (NYSE: MDP) PARENTS released this year's list of Best Toys, recognizing the 50 top new playthings for every child in 2021. Selected by the editors following a months-long research process complete with testing by kids, the list of winners is available now on [Parents.com/BestToys](https://www.parents.com/best-toys/) and in the December issue of PARENTS, available now.

"Toy shopping is happening early this year and we know supply chain challenges are top of mind for parents," says Julia Edelstein, PARENTS Editor in Chief. "That's why the 2021 toy list is bigger than ever, featuring 50 kid- and expert-approved options that will make the holiday season extra special for your family. You're guaranteed to find something for every child."

PARENTS consulted play experts to evaluate over 500 new toys before more than 300 were tested by 45 families. Winners that were screen-free, kid-powered, brain-building, and on-trend made this year's list. The complete list of PARENTS' Best Toys of 2021 is presented below by category and on [Parents.com/BestToys](https://www.parents.com/best-toys/).
