

SHAPE Announces Winners of 2024 Beauty Awards

SHAPE Editors Awarded Over 50 Beauty Products Across Categories Such as Makeup, Hair, Body, and More

NEW YORK, Aug. 8, 2024 /PRNewswire/ -- [SHAPE](#) today announced the 2024 SHAPE Beauty Awards, a list of over 50 editor-approved beauty products spanning categories such as makeup, hair, and body. Since 2003, the annual SHAPE Beauty Awards have been an essential resource for wellness-focused women who are equally committed to their beauty and workout routines. The 2024 Beauty Awards are available now on [SHAPE.com](#) [here](#).

In addition to best face, skin, body, and hair products, SHAPE also included categories such as "TikTok Loved" products, to keep readers in on the buzziest beauty out there, plus "Trends & Innovations," where editors awarded brands who created products that were outside the box. To round out the list, SHAPE included the "Best In-Office Treatments," for professional medical-grade beauty offerings that deliver top-notch results.

"As a team, we're leaning into wellness in beauty, seeing our fitness, nutrition, and beauty routines as part of an overall lifestyle strategy that supports our optimal physical and mental health. The lines between wellness and beauty have blurred, and we've become increasingly aware that what we put in our bodies is just as important as what we put on them. Each item on this list deserves a coveted spot on your vanity and in your lifestyle for a very specific reason," said the editors at SHAPE in the awards feature.

SHAPE's Beauty Awards highlight the products that stand up to an active, anything-goes lifestyle, all tested by SHAPE editors. The team of beauty experts and editors tested products across different skin types, concerns, tones, and age ranges. This cumulative guide consists of tried-and-true brands, as well as emerging newcomers across all price points, from drugstore favorites to luxury prestige brands.

The full list of winners in SHAPE's 2024 Beauty Awards can be read below and online [here](#).
